ELECTIVE SELECTION PROCESS YEAR 10 2010

EXPLANATION OF ELECTIVE SELECTION

In 2010, students may choose one of the following alternatives for elective selection.

ALTERNATIVE 1

FOUR semester length electives **OR**

ALTERNATIVE 2

TWO semester length electives and **ONE** year long elective **OR**

ALTERNATIVE 3

TWO year long electives

HOW TO FILL IN THE FORM ON THE BACK OF THIS PAGE

- It is essential that students number their elective choices starting with 1 as their first preference, 2 as their second and so on.
- All efforts will be made to place students in the order of their preferences.
- Students are required to fill in additional elective choices, as the College reserves the right to withdraw subjects offered for Year 10 2010 if the demand for them is insufficient.

Please note that:

- (i) as yet, it has not been decided in which semester the semester-long courses will be offered. The sequence is only definite where one Year 10 elective is a prerequisite for another.
- (ii) language courses must be chosen as 1 or 2 on your elective selection sheet.

Alternative	Choose	Total Number of Electives to List on Form
1	4 Semester length electives	6
2	2 Semester length elective and 1 Year long elective	5
3	2 Year long elective	4
